Facebook Chatbot & Subscriber Automation Suite – Engage. Automate. Grow. Maximize your Facebook page's potential with our all-in-one chatbot software.

Our Facebook Chatbot Software goes beyond just auto-replies — it gives you full control over your Messenger marketing with tools to automate conversations, manage subscribers, reply to comments, and broadcast messages at scale.

Perfect for businesses looking to **increase engagement, convert leads, and grow customer loyalty — 100% on autopilot.**

Key Features:

Bot Manager

- Build intelligent chat flows to handle FAQs, bookings, lead capture, and product inquiries.
- Drag-and-drop interface to create custom bot journeys — no coding required.
- Smart triggers based on keywords, buttons, user actions, and time delays.

Facebook Subscriber Manager

- Automatically convert Messenger users into subscribers.
- View, filter, tag, and segment your audience for targeted messaging.
- Track engagement history and user behavior for smarter follow-ups.

Live Chat Integration

- Seamlessly switch between bot and human agent in real-time.
- Get notified when users need human help, reply instantly from one dashboard.
- Assign chats to team members and track conversation status.

Comment Manager

- Automatically reply to comments on your posts and ads — instantly capture leads.
- Set up auto-replies (public + private) with personalized messages and links.
- Great for running ad campaigns and post engagement strategies.

Messenger Broadcasting

- Send bulk promotional or update messages to your subscribers — fully personalized.
 - Segment your audience based on behavior, tags, or interests.
 - Schedule campaigns or run event-triggered broadcasts (e.g., abandoned chat, new offers).
-

Benefits:

-  Capture leads 24/7 with instant Messenger replies
 -  Reduce manual workload with automation
 -  Keep conversations organized across bot, comments, and live agents
 -  Boost conversions from post comments and ad interactions
 -  Drive re-engagement and sales with targeted broadcasts
-

Turn your Facebook page into an automated lead machine.

 Engage every visitor, manage every chat, and grow your subscriber list with zero effort.

 **Book a live demo now and see how you can automate your Messenger marketing today!**

Instagram Chatbot & Automation Suite – Automate DMs, Comments & Customer Engagement 24/7 Supercharge your Instagram DMs and comments with AI-powered automation.

Our all-in-one **Instagram Chatbot Software** helps you instantly engage followers, capture leads, reply to comments, manage live chats, and send personalized broadcasts — all from one easy-to-use dashboard.

Built for brands that want to **convert followers into customers**, this tool ensures that **no inquiry is ever missed**, even when your team is offline.

Key Features:

Bot Manager

- Create custom chat flows that auto-reply to Instagram DM triggers like story mentions, profile visits, keywords, or comment replies.
- Use buttons, images, videos, and quick replies for richer interaction.

Instagram Subscriber Manager

- Automatically convert DM users and commenters into subscribers.
- Segment your audience using filters, tags, and interaction history.
- Send follow-up messages and offers based on interest or behavior.

Live Chat Dashboard

- See all ongoing DM conversations in one place.
- Instantly take over from the bot when needed and assign chats to team members.
- Monitor who's chatting, response time, and unresolved issues.

Comment Manager

- Automatically reply to comments on Instagram posts, reels, and ads — both publicly and via DM.
 - Instantly start conversations from comments and turn engagement into sales.
 - Ideal for giveaways, product launches, influencer campaigns, and post promotions.
-

Key Benefits:

-  Instantly engage all Instagram DMs & comments
 -  Automate lead capture & qualification
 -  Reduce manual workload & increase conversion rate
 -  Stay active even during off-hours
 -  Build & segment subscriber lists for future campaigns
-

 **Turn your Instagram into a fully automated sales and support channel.**

 Let AI handle the DMs and comments while your team focuses on growth.

 **Book a live demo today and automate your Instagram engagement like a pro!**

WhatsApp Chatbot with Buttons & Lists – Smart Automation with Zero Per Message Fee Automate your customer engagement, sales, and support on WhatsApp — with no extra message cost

Our powerful **WhatsApp Chatbot** comes with **interactive buttons**, **list menus**, and a **flat-fee model** — making it the smartest and most cost-effective way to handle customer conversations at scale.

Perfect for businesses that want to provide fast, intelligent, and engaging WhatsApp experiences — without worrying about per-message charges.

✔ **Key Features:**

🗳️ **Interactive Button & List Support**

- Create easy-to-use menus with buttons (Reply, Call to Action) and structured list messages.
- Let users choose options like: “View Pricing,” “Book Demo,” “Talk to Agent,” etc.
- Enhance the customer experience with fewer messages, faster actions, and intuitive navigation.

💬 **Chat Flows**

- Automate responses to product queries, service questions, order status, appointment bookings, and more.
- Handle inquiries 24/7 with natural, conversational flows.

💰 **Zero Per-Message Fee**

- Pay one **flat yearly fee** — no hidden charges or pay-per-message costs.

📊 **Real-Time Dashboard & Analytics**

- Track conversations, user engagement, and button click rates.
- Get insights on what’s working and where to improve.
- Manage leads, follow-ups, and status updates in real-time.

🔄 **Auto Follow-Up & Reminder Flows**

- Re-engage users who don’t respond.
 - Send timed follow-ups, offers, or information reminders.
-

🎯 **Benefits:**

- ✔ Improve customer engagement & conversion
 - ✔ Reduce support time & manual workload
 - ✔ Provide fast, guided responses with button flows
 - ✔ 1000 message per WhatsApp number per day with **no per-message cost**
 - ✔ Easy to use, no tech skills required
-

📝 **The smartest way to use WhatsApp for business**

🔗 Start today with button-rich, automated WhatsApp messaging that saves cost and scales effortlessly.

📞 **Book a free demo and go live in 24 hours!**

📊 **Google Sheet Automation – Auto Follow-Up via WhatsApp, integrated with Google Forms, Facebook/Instagram Ads, Email & SMS**

Automate your entire lead capture and follow-up system – from data collection to instant response.

Our **Google Sheet Automation** solution connects your Google Sheets with **WhatsApp, Facebook/Instagram Ads, Google Forms, Email, and SMS**, allowing you to manage leads, send auto-responses, and follow up — all without lifting a finger.

Perfect for businesses that want to turn inquiries into conversions faster, while eliminating manual work.

✔ **Key Features:**

🔗 **Seamless Integration with Google Forms & Meta Ads**

- Auto-capture leads from **Google Forms, Facebook, and Instagram Ads** directly into your Google Sheet.

- Start auto-follow-up sequences via WhatsApp, Email, or SMS the moment a new lead is added.
 **WhatsApp Auto Follow-Up**
 - Instantly send personalized WhatsApp messages to new leads using templates or smart replies.
 - Create multi-step follow-up workflows (e.g., Day 1, Day 3, Day 5) based on lead status or interaction.
 - Use **buttons and lists** in WhatsApp for faster lead engagement and conversion.
 **Email & SMS Integration (Add-On)**
 - Automatically send follow-up emails and SMS alongside WhatsApp for multi-channel engagement.
 - Use email/SMS to send brochures, reminders, confirmations, or special offers.
 **Smart Logic & Trigger-Based Messaging**
 - Set rules like: “If status is ‘Interested,’ send brochure,” or “If not replied in 2 days, send reminder.”
 - Trigger messages when lead status changes, payment is due, or a form is submitted.
 **Live Dashboard & Auto Updates**
 - Track leads, conversations, follow-ups, and conversion status in one live Google Sheet.
 - Update statuses and auto-trigger next steps without manual input.
 **Custom Workflows for Any Industry**
 - Whether you're in real estate, education, services, or e-commerce — automate what matters to you most.
-

Benefits:

-  Capture leads from Google Forms & Meta Ads instantly
 -  Auto follow-up via WhatsApp, Email & SMS
 -  No missed leads, faster responses
 -  One live dashboard to manage everything
 -  Improve lead quality, engagement & conversions
-

Make Google Sheets your sales automation engine.

 Engage leads instantly, close faster, and scale your business with zero manual effort.

 **Get a free demo and see your automation live in action!**

Dedicated Account Manager – Personalized Support You Can Count On unmatched support with your own **Dedicated Account Manager – at no extra cost.**

Unlike other providers, we go the extra mile. Every customer receives a **Dedicated Account Manager** who is with you from day one — helping you install, onboard, train your team, and resolve any technical queries throughout the year.

We're proud to be one of the **only companies in the industry** offering **1-on-1 personal support** for every client — because your success is our priority.

What's Included:

Complete Setup & Installation Support

- Full assistance in setting up all your purchased software solutions
- Configuration of integrations like WhatsApp, CRM, Google Sheets, chatbots, Facebook/Instagram automation, and more

Team Training & Onboarding

- Live training sessions for you and your team via **Google Meet** or **Zoom**
- Step-by-step walkthroughs to ensure you're using all features effectively

Remote Support via AnyDesk

- Quick troubleshooting and real-time fixes through secure remote access

12 Months of Ongoing Support

- Reach out anytime throughout the year — your Account Manager is just a call or message away
- Priority help with automation logic, updates, changes, or new requirements

Ideal For:

- Businesses with non-technical teams
- Fast-growing companies that want reliable support
- Agencies managing multiple clients
- Anyone looking for hassle-free setup and long-term guidance

Why This Makes Us Unique:

-  **Dedicated Support – Not Shared Helpdesk**
-  **Real Human Assistance – Not Just Docs & FAQs**
-  **Long-Term Relationship – Not Just One-Time Setup**

 **Your business deserves more than just software — it deserves a partner.**

 With a Dedicated Account Manager by your side, you're never alone in your automation journey.

 **Get started today and enjoy the industry's best support — personal, professional, and always available.**

On-Demand Freelance Support – Get Technical Help Anytime at Just ₹200/hour for your own customization depend on your business need

- Small businesses & startups with evolving needs
 - Non-technical teams needing expert help
 - Anyone tired of searching for reliable, one-time freelancers in the open market
-

Why We're Different:

-  **Affordable one-time help — when and where you need it**
 -  **No delay, no complex hiring — just results**
 -  **You get work done quickly, professionally, and cost-effectively**
-

 **Stop struggling to find reliable, affordable technical help.**

 With our **on-demand freelancer pool**, you're just one step away from solving any task — big or small.

 **Message us now to book your task and get started for just ₹200/hour!**

AI Auto Social Media Poster – Auto-Post on 50+ Platforms with Smart Content, Images, Videos & More Your 24/7 social media manager – powered by Artificial Intelligence.

Now you can fully automate your social media presence across **50+ platforms**, with **AI-generated content**, auto-designed images, engaging videos, and even audio posts — tailored specifically to your business type and product list.

Simply choose your **business niche** and upload your product/service details. Our AI will handle everything else: **what to post, when to post, and where to post** — every day, every hour, on every platform.

Key Features:

AI-Powered Content Creation

- Automatically generates engaging **text captions, hashtags, product highlights**, and **call-to-actions** based on your business type and goals.
- Supports multiple languages and tones (professional, casual, promotional, etc.).

Multimedia Support

- Auto-creates and posts **images, videos, and audio** content related to your services/products.
- Upload your own assets or let the AI design fresh creatives for you.

Auto Scheduling (Hourly/Daily)

- Set your desired posting frequency (hourly, daily, weekly).
- AI ensures optimized timing for each platform based on engagement data.

50+ Platform Auto Posting

- Manage and post to all major platforms from **one single dashboard**:

Supported Platforms:

Instagram, Facebook, Twitter, YouTube, LinkedIn, Pinterest, Reddit, Tumblr, VK, Telegram, OK, RSS Feed, Google My Business — and many more!

Smart Learning Engine

- Learns from engagement to improve post style, timing, and content type automatically.

Analytics & Reporting

- Track performance, clicks, views, and engagement across platforms from one dashboard.
-

Perfect For:

- E-commerce & Retail Brands

- Coaching & Education Services
- Real Estate & Financial Services
- Local Businesses & Startups
- Influencers, Creators & Agencies

Benefits:

-  Save 100+ hours/month on manual posting
-  Keep your brand active across 50+ platforms
-  Boost engagement with consistent, quality content
-  Zero marketing team needed – AI does it all

Grow your online presence without lifting a finger.

 Let AI handle your posting, content, design, and distribution – so you can focus on your business.

AI Video Chatbot – Turn Website Visitors into Leads with a Human-Like Video Experience Make your website speak, engage, and sell — with a smart, interactive video chatbot.

Introducing the next evolution in website engagement: the **AI Video Chatbot**, featuring a professional **female sales manager** who talks directly to your visitors, answers their questions, and captures leads — all in real time.

Built for businesses that want to **impress, engage, and convert**, this AI-powered chatbot uses personalized video interactions to guide every visitor toward action — whether it's filling a form, booking a call, or learning about your products and services.

Key Features:

Realistic Female Sales Manager Video

- A warm, professional on-screen presenter greets your visitors in video format.
- Delivers pre-recorded or AI-generated speech tailored to your brand and services.

Conversational AI with Video Interface

- Responds to customer queries using voice + video presentation.
- Answers FAQs about your business, services, pricing, features, and more — 24/7.

Lead Capture Built-In

- Automatically collects **name, mobile number, and email ID** of interested visitors.
- Syncs with your CRM, Google Sheets, or WhatsApp follow-up system.

Smart Workflow & Custom Logic

- Personalized responses based on user interaction and selected topics.
- Route leads to different products, services, or sales agents automatically.

Easy Website Integration

- Embed on your website homepage, product pages, or landing pages within minutes.
- Works on mobile and desktop browsers seamlessly.

Analytics & Engagement Reports

- Track views, clicks, lead conversions, and most-asked questions.
 - Optimize your video scripts and interactions with performance data.
-

Benefits:

-  Human-like engagement increases trust & conversions
 -  Collect leads 24/7 without live agents
 -  Instantly answer product/service questions
 -  Give your website a face & voice with branded video content
 -  Stand out from the competition with cutting-edge AI tech
-

Your website deserves more than a chat bubble.

 Give it a smart face — and let your AI Sales Manager engage every visitor like a pro.

AI Sales Manager – Live 2-Way Video and Voice Chatbot for Your Website

Engage Visitors. Answer Questions. Close Sales. 100% AI-Driven.

Imagine having a professional **female sales manager** on your website — available 24/7, responding to visitor questions via **live video and voice**, with no human staff required.

Introducing the **AI Sales Manager Video Agent** — your smart, interactive, camera-on chatbot that talks **face-to-face** with your customers just like a real human. From product inquiries to service explanations, this AI-powered solution handles it all, helping you convert website traffic into qualified leads — automatically.

Key Features:

Live 2-Way Video & Voice Interaction

- Website visitors can **speak directly** to the AI Sales Manager using their **mic and camera**.
- The AI agent responds instantly with **natural facial expressions, speech, and gestures** — just like a real human.

AI Trained on Your Products & Services

- The chatbot is trained on your **business details, offerings, features, pricing, FAQs, and benefits**.
- Visitors can ask **any question** — and the AI responds with accurate, helpful, and persuasive answers.

Realistic Female Sales Avatar

- Professionally designed avatar representing a confident, warm, and knowledgeable sales rep.
- Creates **trust and engagement** with a personal, human-like touch.

Automatic Lead Collection

- Captures visitor **name, phone number, and email ID** during or after conversation.
- Integrates with your CRM, WhatsApp, Google Sheets, or email marketing tools.

24/7 Sales Support — No Human Staff Needed

- Your team doesn't need to be online — the AI handles all interactions, queries, and data collection.
- Works during holidays, weekends, and after-hours — so you never miss a sales opportunity.

Insights & Conversation Analytics

- Get real-time reports on what customers are asking, how they're engaging, and which topics are driving interest.
 - Use data to refine your offerings and content strategy.
-

Benefits:

-  Create a **WOW experience** for every website visitor
-  Deliver accurate, human-like sales pitches 24/7

-  Eliminate need for live agents or chat staff
-  Increase trust, engagement, and lead conversions
-  Stay ahead of competitors with **next-gen AI interaction**

 **Upgrade your website into a full-time sales desk with a human face and AI brain.**

 **No bots. No text bubbles. Just real-time, video-powered sales conversations — powered by AI.**

 **Book your live demo today and launch your AI Sales Manager in just a few days!**

Auto Calling From Your Own Sim And WhatsApp Marketing Software – Convert Every Call into a Sales Opportunity Turn your Android phone into a smart sales machine — with auto-calling, auto WhatsApp messaging, and complete call management.

Introducing an intelligent solution for businesses and sales teams to **automatically call, track, and follow up with leads** — right from their **SIM number**, via mobile or laptop cloud dashboard. Upload contact lists, auto-dial from your mobile, and send **instant personalized WhatsApp messages after every call** — all without lifting a finger.

Key Features:

Auto Calling from Your Own SIM

- Automatically dial your uploaded contact list directly using your **SIM-based Android device**.
- Works via cloud dashboard – control everything from your **mobile app or desktop panel**.
- No third-party VOIP or virtual numbers – use **your real number** to maintain trust & pickup rate.

Auto WhatsApp Messaging After Every Call

- Automatically send customized WhatsApp messages after **missed, incoming, or outgoing** calls.
- Share product info, pricing, digital catalogs, brochures, or video demos — instantly.

Upload & Manage Contact Lists from your laptop

- Bulk upload leads and assign them to specific team members.
- Upload contact list data from your dashboard as excel file.

Advanced Call Management & Reporting

- View detailed call reports: total incoming, outgoing, and missed calls per staff/user.
- Monitor team performance and customer engagement in real-time.

Call Recoding

- Save your call recoding

Auto Attendance & User Tracking

- Auto-mark staff attendance based on call activity.
- Know when team members started and ended their calling day — without asking for reports.

Ideal For:

- Telecalling & Sales Teams
- Insurance, Real Estate & Loan Companies
- E-commerce & Online Product Sellers
- Franchise, Dealership & Multi-location Teams
- Call Centers & Customer Service Teams

Benefits:

-  Use your real number to increase call pickup & trust

- Convert every missed call into a WhatsApp follow-up
- Automate post-call engagement without manual effort
- Monitor team calling activity without micro-managing
- Save time, improve efficiency, and boost lead conversion

One platform to auto-call, auto-message, and auto-manage your calling team — from anywhere.

Let your mobile phone become your smartest sales weapon.

Start your free trial today and turn every call into a closed deal!
